

Vacancy: Project Management and Site Coordinator (100%)

Master in Science or Business Administration

Blueyou is an internationally recognized consultancy for sustainable aquaculture and fisheries. The company does offer specific services in the field of sustainable fisheries and aquaculture and the related supply chains. Clients of Blueyou do encompass private industries in both production and market sectors, governmental bodies and leading NGO's in the area of marine conservation and sustainable development worldwide.

For a strategic fishery improvement programme on hand-line caught Yellowfin-Tuna facilitated by Blueyou Consultancy and WWF Philippines we are currently looking for a **Project Management and Site Coordinator** to be based in the tuna fishery project site of **Mindoro Island** in the Philippines.

Job Profile

- Local project management and site-specific coordination of project activities
- Coordination and cooperation with local team of WWF Philippines
- Coordination of the local Blueyou team and its activities
- Stakeholder outreach in Mindoro Occidental (Local Government Units, tuna traders, fishermen)
- Organisation and conduction of outreach workshops and trainings
- Data gathering and data processing (fishery data, supply chains, logistics etc.)
- Monitoring and reporting of progress to the project management

Qualification Profile

- Masters degree in Science or Business Administration
- Practical experience in project management / assistance / administration
- Mother tongue Filipino / Tagalog with excellent skills in English (oral and written)
- Excellent skills in *Microsoft* office applications (Word, Excel)
- Excellent analytical and planning skills
- Excellent soft skills (communication, relationship building)
- Confident, reliable, honest and autonomous person
- Motivation and interest in sustainable development and socially responsible business practices

We are looking for an open minded and highly motivated person between 20 and 40 who shares our vision and engagement of facilitating a sustainable future for the world's fisheries and aquaculture sector. The assignment will be based in Mindoro Island and involves travelling to municipalities along the coast of Occidental Mindoro, Bicol province and Metro Manila area. Blueyou offers an interesting and diversified job within a dynamic team with great outlook for professional development in an international environment. The position is based on a 4-year programme with outlook for long term professional development perspectives as consultant of Blueyou in the Philippines. Female applicants are specifically encouraged to apply.
