

## **Vacancy: Quality and Food Handling Specialist for Tuna (100%)**

***With professional Background in Food Safety and Tuna Quality Grading***

Blueyou is an internationally recognized consultancy for sustainable aquaculture and fisheries. The company does offer specific services in the field of sustainable fisheries and aquaculture and the related supply chains. Clients of Blueyou do encompass private industries in both production and market sectors, governmental bodies and leading NGO's in the area of marine conservation and sustainable development worldwide.

For a strategic fishery improvement programme on hand-line caught Yellowfin Tuna facilitated by Blueyou Consultancy and WWF Philippines we are currently looking for a ***Quality and Food Handling Specialist for Tuna*** to be based in the tuna fishery project sites of ***Mindoro Island and Bicol Province*** in the Philippines.

### **Job Profile**

- Training of fishermen and tuna casas / traders in tuna grading and quality / food safety improvement
- Organisation and conduction of workshops with fishermen and tuna trading casas
- Close collaboration with local and international team of Blueyou's consultants
- Stakeholder outreach (Local Government Units, tuna traders, fishermen) in Mindoro Occidental and Bicol Province (Albay, Camarines Sur)
- Monitoring and reporting of progress to the project management

### **Qualification Profile**

- Sound background in Food Safety and Quality Management
- Professional experience in tuna quality grading (Yellowfin Tuna)
- Quality oriented, meticulous and highly responsible personality
- Mother tongue Filipino / Tagalog with good skills in English
- Excellent soft skills (communication, relationship and trust building)
- Computer skills and experience in *Microsoft Office* applications (Outlook, Word, Excel) are an asset
- Reliable, honest and autonomous person
- Motivation and interest in sustainable development and socially responsible business practices

We are looking for an open minded and highly motivated person between 20 and 45 who shares our vision and engagement of facilitating a sustainable future for the world's fisheries and aquaculture sector. The assignment will be based in Mindoro Island and Bicol Province. Blueyou offers an interesting and diversified job within a dynamic team with great outlook for professional development in an international environment. The position is based on a 4-year programme with outlook for long term professional development perspectives as consultant of Blueyou in the Philippines. Female applicants are specifically encouraged to apply.
